MERGENTHALER HORTON-BASKET FACTORY IS SOLD

Eastern Men Talk About Prospects of Such a Plant Without Waste.

Old Company Operated to Sell Stock Only.

S. H. FISH USES THE MACHINES

This lack, representing a coterie of local capitalists, bought in the plant and equipment of the Mergenthaler-Horton basket factory for \$31,975. Herman Friedman bid \$34,000. Eastern men did not bid at all. The part of the property mortgaged to the Merchants and Farmers bank was first bid up to \$10,000, but when that and the bids on the remainder of the plant did not come up to the bid on the whole property, it was sold in a lump, one-third in cash and one-third in twelve months. The sale must be confirmed by Judge Evans, of the federal court, before it is binding.

M. J. Parkhurst, F. C. Hayton and S. H. Fish, the eastern men representing a syndicate to buy and operate the Mergenthaler-Horton basket factory, went out to the site of that plant this afternoon at 2 o'clock by Receiver W. P. Hummel. Until he got on the ground, Mr. Hummel did not know whether he would sell the plant piecemeal or in a lump. The eastern men indicated this morning that they would not allow local bidders to walk away with the plant, though they would not say what limit they would set in the bidding.

Mr. Fish, who uses some of the Mergenthaler machines in his factory at Solon, N. Y., said this morning that the objection to the machines on account of the waste, could be practically eliminated by careful mechanical supervision. The plant here, he said, was operated to sell stock and not as a money-making industry, and consequently the waste run to a high per cent of the lumber used, but by the right management the waste ought not to exceed five per cent.

All stock-jobbing schemes for this company in the past at this time are believed by the men here to be fakes. The proceeds from the sale will not pass the bondholders, much less the stockholders, and any attempt to deal in the stock of the company while it is in the bankrupt court, would be unprofitable to anybody, who should buy it. An attempt has been made to swap the company's stock in a new company, but the purchaser of the plant this afternoon has the only thing in the corporation worth anything.

It is said that the first mortgage bondholders, including the bank's lien on the real estate, will be paid off in full, and the remaining bondholders will get a pro rata whatever may be left from the sale money, after they are satisfied.

JUNE TAXES DUE

Mr. George Oehlhaefer has the honor of receiving the first tax receipt for June taxes from City Treasurer Darlin this morning. The first rush to pay taxes was unprecedented and if receipts throughout the month continue at this rate the collections will exceed former years in promptness.

NEW CEMETERY ENTRANCE

Lot owners of Oak Grove cemetery propose to have a handsome entrance erected at the gateway to cost \$2,500. The present entrance will be placed at the colored cemetery. Mayor James P. Smith, Mrs. Joseph Post and Mrs. Emma Noble are promoters of the idea, and Mayor Smith has started the movement with a contribution of \$100. A sketch of the proposed entrance is framed and hung in Mayor Smith's office.

Tobacco in Independent Prizing House at Hazel Destroyed by Fire of Unknown Origin Last Night

Palmer & Brown Bros. Lose About \$8,000 by Bedtime Blaze—There is No Clue to the Cause.

Hazel, Ky., June 1. (Special.)—The independent prizing house of Palmer & Brown Brothers was destroyed by fire last night with a loss of \$8,000 on the building and \$5,000 on the stock of tobacco. The fire was discovered at 10 o'clock, but had gained good headway, and burned the building to the ground with the stock, insurance for \$4,000 was carried on the building, and probably \$2,000 on the tobacco. The firm was a new one, and the warehouse was just completed last fall, and it was handling its first season's tobacco. The origin of the fire is unknown, but it is believed to have been incendiary. Hazel is located on the state line in Callaway county, and is about 50 miles from Paducah.

The whole inside of the building was ablaze when it was discovered. There is no clue.

Mr. F. E. Brown, one of the stockholders in the prizing house, is in Paducah today, but he knows only the meager facts of the house burning, as he arrived in the city last night. Mr. Brown said he could not say just whether the house would be rebuilt or not. This is the first tobacco house to burn at Hazel, which is about 10 miles south of Murray.

PADUCAH'S SLICE OF POSTOFFICE PIE WAS \$15,000

Washington, D. C., June 1. (Special.)—Among the amounts set aside for Kentucky postoffice buildings during the next fiscal year is \$15,000 for Paducah, secured through the initiative of Congressman James on the initiative of Postmaster F. M. Fisher.

WASHINGTON DESERTED

Washington, June 1.—This city is deserted today. Following the adjournment Saturday night of all congressmen, that possibly could, left for their homes. Speaker Cannon and Representative Landis, of Indiana, are making the trip home in Cannon's automobile. The Congressional Record today is extremely bulky. Nearly every congressman availed himself of the "leave to print," and got in speeches for campaign use.

There's a world of difference between attention to details and absorption in trifles.

BACCALAUREATE SERMON PREACHED LAST NIGHT BY DR. DAVID CADY WRIGHT

Advises Class to Graduate With Individual Ideals and to Seek First of All Wisdom.

The baccalaureate sermon to the Senior class of the High school was preached last night at the Grace Episcopal church by the rector, the Rev. David Cady Wright. The seniors and a good representation of the school attended the baccalaureate service. "Ask What I Shall Give Thee," 1 Kings III, 5, was the subject and Dr. Wright handled it in masterful style.

Beginning his sermon to the graduates Dr. Wright said that at the baccalaureate service we dedicate all that we have gathered up to God, and with words of optimism he told them how that all life was before them. Recalling the life of Solomon, and his prayer for wisdom, Dr. Wright said that every true prayer was answered—all those that were not selfish. After admonishing that there are no such things in life as chance or obstacles to prevent the attainment of life's goal, Dr. Wright took up his three points—admiration, hope and love.

By admiration we look up and admire. It is what distinguishes man from brute, for man is the only animal that can look up without raising his body. "Tell me what a boy admires, and I will tell you what he is. Yet the majority of men graduate

WHISTLING REVIVAL.

Mayfield, Ky., June 1.—(Special.)—Whistling is an innovation in church music inaugurated in Mayfield by the Rev. James Small, the noted Irish evangelist, who yesterday began a revival at the First Christian church. It was at the first service yesterday that the minister requested the congregation to "please whistle" and the response was a chorus of male and female "whistles," the air being "Coronation." Though the Rev. James Small never held a meeting here before, he was well known by reputation to Mayfield churchmen and the large new Christian church, where the meetings are held, is filled to overflowing at every service. The minister is assisted by the Rev. Mr. St. John, a noted singing evangelist.

ASCENSION SUNDAY AT GRACE EPISCOPAL

Ascension Sunday services were held at the Grace Episcopal church yesterday morning, and the Knights Templar, Masons of the Plain City and Paducah lodges and the ladies of the Eastern Star attended in a body. The Rev. D. C. Wright preached an able sermon on "The Guardians of the Temple." Dr. Wright took up his subject and discussed the significance of the temple and various parts. Besides Knights Templar a large audience was in attendance. Especially fine music was had under the direction of Mr. Owen Tully, the organist. The choir sang Lloyd's "To Him" effectively and the anthem, "Arise, Shine for the Light is Coming."

PRONOUNCED DEAD AND WAS REVIVED HE WILL RECOVER

Fallon, Ky., June 1.—(Special.)—After hours of work by physicians, W. P. Taylor, ex-county clerk and bank president, who drank an ounce of carbolic acid and was pronounced dead yesterday, was revived. He will recover. Ill health caused the deed.

VATERLAND SAFE

London, June 1.—The steamer Vaterland, reported wrecked with 1,600 people aboard, is safe at Antwerp. Fog forced her return. She sails this afternoon.

Harry Cloy left this morning for Union City to visit relatives.

ARRANGEMENTS FOR FEDERATION FINISHED TODAY

Preliminary Event is Concert of Matinee Musical Club at Eagles' Hall.

Big Reception Tomorrow Night Opens Convention.

WORK OF THE COMMITTEES

Final touches are being made today to the arrangements for the fourteenth annual meeting of the Kentucky State Federation of Women's clubs, which will be formally opened Tuesday evening with a brilliant reception at the Woman's club building, Sixth street and Kentucky avenue. All the committees have their work in hand and they are waiting now to put their well-digested preparations smoothly into operation. In what is expected to be the most successful meeting in the history of the federation.

Mrs. James A. Rudy, president of the Woman's club, and chairman of the executive committee, reports that the outlook from her position is for a notable meeting. Her work in the meeting will really begin this evening with the arrival of Mrs. Lecher Riker of Harrodsburg, president of the state federation, and Miss Hildon Hardin, also of Harrodsburg, corresponding secretary, who will be her guests. Mrs. Riker and Miss Hardin take in advance of the delegates to make a survey of the field before the opening. Mrs. Riker will preside at all the business sessions.

Mrs. E. G. Hoone, chairman of the depot reception committee, has completed her plans for meeting the delegates at the trains. (All carriages are to have the colors blue and gold tied on wheels.) Members of her committee will begin meeting trains at 9:30 o'clock tomorrow morning, and all subsequent trains until 6:10 o'clock when the majority of the delegates from the middle of the state will arrive. Private carriages to accommodate two delegates will be at the Union station and the baggage of the delegates also will be transported to their hotels free of charge. Those delegates who will be guests in private homes, while the others will be taken to the hotels. All members of the depot committee are expected to meet the 6:10 train.

The Reception. Mrs. Muscoe Burnett, chairman of the reception committee, had a final conference with Mrs. James A. Rudy this morning, over the opening reception Tuesday evening. The members of the receiving line, the refreshments and all details of this most important social function of the meeting, have been arranged. No entertainment in the history of Paducah will rival this in appointments. The toilettes, both of the local members and the visitors will be memorable. Invitations have been given to the federation visitors, members of the six federated clubs, and the husbands of the members.

Concert This Evening. As a preliminary feature of the federation meeting, the Matinee Musical club, Mrs. Hubbard S. Wells, chairman, will give a concert at the Eagles' hall this evening, by the Verdi quartet of Chicago. Indications point to a good audience and an entertainment of a high order. On Wednesday evening the Matinee Musical club will give a recital to the federation visitors and six local federated clubs, at the Kentucky Avenue Presbyterian church at 9 o'clock. At 11 o'clock a reception will follow the recital, at the Woman's club building, and the active members will receive downstairs, while the

Standard Oil Tanks Menace City, is Opinion of Chief Wood, of Fire Department, and Fire Commission

Both Make Reports, Which Will be Submitted to Board of Councilmen Tonight by Mayor Smith.

Mayor Smith will lay before the board of councilmen tonight the reports of the board of police and fire commissioners and of Fire Chief Wood on the Standard Oil fire at Tenth and Monroe streets, which for a time jeopardized the heart of the city. The mayor will recommend to the general council that the company be ordered to move its tanks outside the city limits or to some less dangerous locality.

The reports follow:
Chief Wood's Report.

"To the Honorable Mayor and General Council of the City of Paducah: "I beg to report to your honorable body the condition of the Standard Oil company plant located at Tenth and Monroe streets, this city. On May 28 the plant was accidentally fired by an Illinois Central railroad switch engine that was switching cars in the vicinity. The entire frame part of the building with about 11 barrels of oils were destroyed and by hard work and luck of the fire department, we succeeded in stopping the fire where it started. If the wind had been blowing there is no telling where it would have stopped. The neighborhood in that vicinity is mostly settled with residences on the west side. The Fooks Acre Lumber company and T. J. Stahl Tobacco company on the north, the Paducah Brewery company on the east side, Aabauer-Busch Brewing company on the south side, with the Illinois Central tracks running through the block, thus making it very dangerous. The Standard Oil company has four 500-barrel oil tanks and one gasoline tank on the ground and from 200 to 300 barrels of all kinds of oil in store, and 200 to 500 barrels piled on the lot. The ground is well saturated with oil, making it impossible to stop a fire should it get the advantage of our department. So if it is in the power of the general council I would recommend for the safety of lives and property in that vicinity that this plant be removed to some where in the suburbs of the city, where the danger will not be so great. Respectfully,

"J. J. WOOD,
"Chief Fire Department."

"To the Mayor and General Council, Paducah, Ky.:

"As you are probably aware, the Standard Oil company has a number of supply tanks existing on its property on Monroe street, in the city of Paducah. These tanks contain large quantities of oil stored there for purposes to be used by the Standard Oil company in its business.

"On yesterday a fire broke out in the buildings operated by the Standard Oil company, and but for the timely action of the fire department, there would have been a very serious condition, which might have proved very disastrous and fatal to the city of Paducah. A serious catastrophe was narrowly averted, and it seems to the board of police and fire commissioners that some steps should be taken by the general council to avoid if possible repetition of such a catastrophe.

"We have been advised that the general council could by appropriate ordinance limit the amount of the oil to be stored by any person or company in tanks in the city limits of Paducah, to such an extent that it would be dangerous, and we therefore urge you to take immediate action, penalizing the storage of oils in tanks in quantities not exceeding an amount which could be handled and controlled in the event of a conflagration.

"This condition seems to us to require immediate attention and we therefore ask you to refer this to the proper committee to bring in an ordinance relative to the matter.

"Respectfully, Board of Police and Fire Commissioners. Per John K. Hoads."

Dixon Mob Shoots McDowell.

Dixon, Ky., June 1. (Special.)—Jake McDowell, the negro who wound Ed Smith, address, deputy marshal of Dixon, was taken from jail by a mob and shot to death early yesterday. McDowell had been in jail at Henderson and recently was removed to Dixon, where the trial was to take place.

It was while a mob was on the way to hang McDowell, the night after the killing, that an insurance man from Louisville, named Harry, who was leading the mob, was killed during a fusillade.

SOLDIERS GUARD [AT BIRMINGHAM IN MARSHALL COUNTY

Henton, Ky., June 1. (Special.)—A detachment of Companies E and H, of the Second regiment state militia under Lieut. N. J. Wilburn, who did such valiant work in Callaway county, are now quartered at Birmingham, but for what purpose the county officials do not seem to know. The militiamen reached Birmingham several days ago, but further than the announcement of the commander that the camp would be maintained a considerable length of time, nothing is known of their movements. There are 20 men in the detail.

MILITARY COMPANY ORGANIZED TONIGHT

Men, who signed the application for a charter for a military company at Paducah will assemble in the police court room at the city hall tonight at 7:30 o'clock to be mustered in by Capt. A. G. Chapman, staff officer of the Third regiment, who will come here from Hopkinsville for that purpose. Officers of the new company will be elected tonight.

RIVERSIDE STAFF

The visiting staff of physicians for Riverside hospital for June and July is: Surgical—Drs. H. T. Rivers and C. M. Sears. Medical—Dr. Thomas Criss. Female—Dr. Della Caldwell. Obstetrics—Drs. J. W. Bass and H. B. Griffith. Genito urinary—Dr. H. A. Washburn. Eye, nose and throat—Dr. H. G. Reynolds.

SEVENTEEN YEARS CAPT. SLAUGHTER HAS SERVED CITY

Head of No. 3 Fire Company is Veteran With Long Record of Good Conduct.

Never "on Carpet" and Never Suspended in That Time.

HE STARTED AS A VOLUNTEER

Backed by seventeen years of faithful work in the Paducah fire department, Captain John M. Slaughter, of the No. 3 fire station, began his eighteenth year of consecutive service today. Although yet a young man, Captain Slaughter is the oldest man in the fire department in point of service, and he has a record that scarcely any fireman in the United States can boast of. In his entire seventeen years of service he has not been "on the carpet" nor has he been laid off a day for any failure of duty. Neither has he lost a score of days in that time from illness.

Captain Slaughter entered the department June 1, 1891, when he was 19 years old. For twenty days preceding he was a "runner," one who slept at the fire station and answered alarms without being on the pay list. There were but four men on the salary list, but Chief Billy Augustus, an old fire fighter, saw his ability and put him regularly in the department. Soon afterwards he was made driver of the reel at the old No. 2 station, which is the Central station now. In 1892 he was promoted to captain of the station, and in 1904 when the two new stations were built Captain Slaughter was made captain of the No. 3 station. In his service he has been under three fire chiefs. When he entered Chief Billy Augustus was serving and he continued until 1893, when Chief Wood succeeded Augustus. Chief Wood held the reins for two years and on his resignation was succeeded by Charles Voight. Chief Wood returned to his old love in 1897 and has been chief constantly since with an admirable record of twenty years' service.

Captain Slaughter has taken an active part in all the big fires in Paducah in his service, and barring a few minor injuries he has never been hurt but had several narrow escapes. At the fire of the Paducah Co-operative company in Mechanicsburg several years ago, Billy Augustus, Walter Ingram and Captain Slaughter had a narrow escape from a falling wall. Possessed of a cool head, Captain Slaughter stood still, and the wall came down with a crash, but fell over them.

The Old Department. When Captain Slaughter entered the service in his infancy, there was only the old Central station, and it was equipped with a truck, the running gear of which is on the supply wagon. A one horse reel was used.

BILLY BUCK

Billy Buck, Paducah's peerless trotter, will start Friday against Mr. L. E. Turner's fast mare, Cora, 2:15 1/2. Prominent Memphis horsemen pronounce Billy Buck one of the purest gaited trotters in the world and his phenomenal speed easily outclassed the fastest stoppers in the Memphis Matinee club. The local Matinee club management have arranged a fine card for the first races of the season and every attention will be given the comfort of spectators. Programs will be furnished free, the band will play and every race will be a closely matched contest.

COMMENCEMENT WEEK FESTIVITIES

Begin With Freshmen and Sophomore Reception.

Examinations in Public Schools Begin Today—Half Pupils Are Exempt By Grades.

NOTES OF LAST WEEK'S WORK

Examinations began in the public schools this morning, and after three days of brain testing, the children will be through books for the summer. Cards will be distributed Friday morning, and the last formality of the school term will be past. Only about half the pupils had to attend school at all today, as the rule exempting pupils with a high grade had a wonderful effect in stimulating the interest of attaining higher grades. In the high school, 25 students were exempt from every exam, and many are exempt in one or two studies.

The school board will meet tomorrow night in regular session, and transact the business that has accumulated and allow salaries. Owing to the reception of the Junior class, the board will rush business and adjourn early so as to be guests. Superintendent Carnegie will present the proposition from the American Manual Training company for installing a system of manual training in the schools. Also Professor Carnegie will recommend to the board that teachers, who have had at least three years' experience, and have done satisfactory work, have their certificates renewed without examinations.

This will include teachers who study at normal schools occasionally, as Superintendent Carnegie does not want to work a hardship on teachers. The renewal of the certificates will include the reading of books during the summer and the writing of a paper on one of them. Also an educational journal must be taken for a year. It is believed that the recommendations will be accepted by the school board, and the renewal of certificates is followed in other cities.

Tonight the Freshman and Sophomore classes will entertain at the to the seniors. The hall is prettily decorated with paper streamers of black and gold, and black and orange. An orchestra will play during the evening, and refreshments will be served. While the reception will be informal, it will nevertheless be enjoyable, and the last week of school will be a merry one. Tomorrow evening the Junior class will extend the same hospitality to the seniors.

School Notes.
The Junior B class in chemistry with Prof. C. H. Shreve, of the science department, visited the plant of the Paducah Ice company, and the manufacture of ice was explained. Miss Belle Ford, of the Washington building, was ill today and also Miss Hattie Sherwin, of the Longfellow. Misses Clara Winston and Miss Inez Bell, of the Cadet class, were substitutes.

ARRANGEMENTS

associate members will receive upstairs. This will be the second formal reception and will be an event of the meeting.

Mrs. Campbell Flournoy, chairman of the decoration committee, and the committee members have the club building in beautiful shape for the meeting. The federation will have the building fragrant with cut flowers. The arrangements for seating and for committee work also are admirable. Miss Hattie Hisey, chairman of the committee on ushers, will have members of the younger society set in attendance at every session to look after the convenience of the visitors.

Mrs. Edmund Post, chairman of the press committee, will, in addition to other committee work, take notes of the meetings for the newspapers, and all formal announcements for the press will come from her. With Mrs. Mildred Davis, Mrs. Post will be the hostess of the federation on a river trip Thursday evening. The cabin of the steamer Dick Fowler will be decorated and the refreshments will be a feature.

Committee Meeting.
Miss Helen Lowry, chairman of the committee on hotels and homes, announced a final meeting of her committee at the Woman's club building this afternoon at 5 o'clock. The members are: Mrs. F. L. Scott, Mrs. C. K. Wheeler, Mrs. W. W. Powell, Mrs. Minnie Barnett, Mrs. Sam Hubbard, Mrs. L. O. Walker, Mrs. A. S. Dabney, Mrs. Charles Hall, Mrs. R. T. Lightfoot, Mrs. Paul Bryant, Mrs. D. A. Humphrey, Mrs. Malde Gardner. The hotel accommodations for the delegates will be ample.

No disappointments are anticipated by Mrs. Louis M. Riecke, chairman of the program committee. The special features of the program will be given

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes, broadcast and on each bottle of his medicines, a list of the ingredients of which his medicines are made. This is the only way in which he can afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtue be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostration, neuritis, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

and only the failure of important delegates to attend will alter the program for business sessions. As far as known, the attendance will be larger than usual. Miss Elizabeth Snaout, chairman of the credentials committee, will return from French Lick Springs this evening and be ready for her work, which will begin with the first business session. Mrs. Edwin Rivers, chairman of the mail and information committee, also will not be engaged until the meeting opens. She will distribute the federation mail and give any information the delegates may need.

Claxton Lecture.
The committee on place of meeting, Mrs. R. H. Phillips, chairman, has selected the Chautauqua building in Wallace park for Professor Claxton's lecture Thursday evening. The Woman's club building will be the scene of all business sessions while certain committees of the federation will meet in the parlors of the Palmer House.

Special cars will be provided through the courtesy of the Paducah Traction company for the federation visitors to attend the Chautauqua lecture. After the business session Thursday afternoon, the Automobile club will meet at the club building to take the visitors on a city and country run, winding up at the summer home of Mayor and Mrs. James P. Smith.

"Hide-A-Wee," for a reception and tea. Thursday evening will see the end of meeting and Friday the delegates will start to their homes. Numerous small affairs in honor of individual delegates, will make the meeting especially attractive. The first business session, to which the public is invited, will begin at 10:30 o'clock.

BULLET WOUND

CAUSES MRS. T. O. MANN TO SUFFER GREATLY.

Carlisle County Woman Accidentally Shoots Herself With a Volebert Rifle.

Fulton, Ky., June 1.—News reached here of an unfortunate accident in Carlisle county, near Canabingham. Mrs. T. O. Mann, a popular woman of that community, was the victim.

Mrs. Mann loaded a 22-caliber Volebert rifle for the purpose of shooting crows. After loading the gun she placed it in the closet until an opportunity arrived to use it, but concluding that it was an unsafe place for it on account of the fact that the children might possibly get hold of it, she decided to move the gun from the closet and place it in the rack on the wall. Accordingly she went to the closet and picked up the gun, and as she did so it was discharged, the ball striking her in the bowels and lodged against the hip bone.

Physicians were at once summoned and an operation was decided upon. A large portion of the peritoneum was removed and the wound was thoroughly dressed. The size of the ball was a 22 short, but the proximity to Mrs. Mann's body caused the force of it to plough its way almost entirely through the body.

Though suffering greatly she is thought to be getting along nicely and the attending physicians expressed the belief that she will recover.

A telegram received states that Carl Roby has at last reached his destination. Several days ago Carl Roby and June Cagle left for a land buying to Texas. When in about 200 miles from their destination about 3:30 o'clock in the morning Mr. Roby left the train to get a cup of coffee and that was the last heard of him until this telegram was received. Mr. Cagle stayed on the train and supposing Mr. Roby got left got off at the next station to wait for the next train, but Mr. Roby was not on that train. Mr. Cagle then continued the journey and stayed there two or three days. Mr. Roby not coming on to the end of the trip, Mr. Cagle became uneasy. He boarded the train and went to where Mr. Roby was last seen but no one had seen him. Mr. Cagle came on home and reported Mr. Roby's disappearance. Mr. Roby's wife then set the wires to work with the above results.

Are You Sick?

Much sickness is due to a weak nervous system. Yours may be. If it is, you cannot get well until you restore nerve strength. Your nervous system is nature's power house; the organs of your body get their power from it. If the power is not there, the action of the organs is weak, and disease (sickness) follows. Dr. Miles' Nervine cures the sick because it soothes the irritated and tired nerves and gives the system a chance to recuperate. Try it, and see if you do not quickly feel its beneficial effect.

"I was given up to die by a leading doctor. Got one of Dr. Miles' Nervine and found that Dr. Miles' Nervine did my case. From the very first dose I took I got better. I am better now than I have been for years, and do all my own work on the farm. That's what Dr. Miles' Nervine has done for me, and I am glad to recommend it to others."

TOBACCO NEWS

Ten Thousand Hogsheds Sold.

Heavy buying by Regie contractors have run sales of the Planters' Protective association to 9,112 hogsheds of tobacco of the crop of 1907 at the close of business on Saturday, May 11.

The demand for Regie types from now on is expected to be firm, and it is probable that prospects of a short crop in the dark tobacco district in 1908 will make the buyers eager to protect themselves for the future.

Figures compiled by the Tobacco Planter for its annual year book, which is now in press, indicate that last year's crop was even shorter than the estimates made during the early part of the year. With Weakley county, Tennessee, missing, the figures collected show that the crop of 1907 was less than 100,000,000 pounds, or not quite 65,000 hogsheds.

The normal crop of the district is 120,000,000 pounds and with Weakley county in, it is evident that the crop was nearly 25,000,000 pounds short of the average. Of this production the Planters' Protective association controls about 50,000 hogsheds, but it is the opinion of well-informed tobacco men that these figures are greatly in excess of the real facts in the case.

Controlling this proportion of the crop, however, and calculating that these independent sales actually reached 25,000 hogsheds, it is very plain that the association is absolutely in control of the tobacco market of the world as far as the dark tobacco is concerned.

The sales already made are about 15 per cent. of the crop, and the heavy buying is just beginning. With the low quality of tobacco grown last year the price of tobacco is now bringing in a good return to the farmer for what he has to offer. The situation at present shows conclusively what the farmers can do by sticking together. The prospects for a good crop this year are fairly bright. The weather has been so unusually severe that a great many farmers have been discouraged, because they have been unable to get their crop in the field, but tobacco growers who take a fair view of conditions are of the opinion that the crop will show up about as well as the average. Generally at this time of the year there always are enough prophecies of a bad tobacco year to discourage anybody who might take them all up seriously. If the crop is not a good one this year the fact that the plants are becoming too large in the beds will probably have more to do with the results than any other one thing.

The total number of hogsheds graded to date is 38,160, or over half of that controlled by the association. At the present rate the board of graders will finish up in a short time. Prizing is almost at the wind up, and in many places prizes have finished their work for the season. It is probable that 90 per cent. of the 1907 crop is now in hogsheds.

Since the association official report by Mr. John D. Seales the buying has been heavy, and the sales of this week will easily run the total over 100,000 hogsheds. Heavy sales were made in Paducah the first of the week, a total of 200,000 hogsheds being sold. Most of this was for E. J. O'Brien & company, although a number of Paducah buyers took a portion of that sold.

James N. Banks, writing in the Henderson Gleeper, says: "Those of the manufacturers who have bought tobacco of this association to date should be, and doubtless are, by this time persuaded there is no disposition on the part of Kentucky farmers, where they have the opportunity of power, to practice extortion. Kentucky farmers are co-operating to the end that they may realize remunerative prices for tobacco, not extortionate prices."—Tobacco Planter.

Clarksville Market, Tenn., June 1.—Our receipts in the open market last week were 227 hogsheds; sales 280 hogsheds; market firm and unchanged on all grades.

Receipts of loose tobacco were very light. The weather continues hot and showery, forcing growth. The larger portion of the tobacco crop is now in the field, and the stand is generally good. Farmers need a spell of dry weather to finish breaking up their land and get in the remainder of the corn crop, the planting of which has been delayed by the frequent rains. May having been nearly as rainy as April. Farmers are working hard to catch up, and wheat harvest will soon add to their labors.

The Planters' association sold here this week 522 hogsheds, and the salesmen are well satisfied with the prices obtained. It is a pity that we haven't more to sell, as the prices are so good. All of the foreign demands keep steadily in the market, the European stocks being very small.

DEMOCRATS TALK; SUBJECT HARMONY

Hon. Chas. K. Wheeler and Hal Corbett Speakers.

Olffe James Will Not Be Temporary Chairman and State Is About Made Up.

SCANLEY MAY SOUND KEYNOTE

Louisville, June 1.—Harmony, the burial of differences and the absolute laying aside of all forms of revenge on the part of past or present Democratic leaders was not only the keynote, but the burden of strong and able speeches made by five well-known Democrats from out in the state before the Old Guard Bryan club of 1896 Saturday night at the Hotel Seelbach. Former Congressman Charles K. Wheeler, of Paducah; Lee Woodson, national Democratic committeeman; the Hon. Jesse Sullivan, of Richmond; and Congressman Olffe James, of the First district, were all cheered to the echo as they pleaded to the Democrats of Kentucky to get together and carry the banner of the party to success this fall.

They demanded absolute harmony at the state convention and asked that there be no contested delegates from Louisville. Through Mr. Woodson, W. J. Bryan congratulated the Democrats of Louisville upon getting together.

Talk about the lobbies was that opposition to Senator J. McCrory for a delegateship in the state at large had worn out. Editor W. J. Walton, of the Kentucky State Journal, who, it is said, speaks for Beckham and the Beckham Democracy, has indicated the senator and this means, as he is suitable to the people west of the River, Beckham will not go to Denver. Beckham is sure of a place, and it is believed that Col. W. B. Hadenham, of Louisville, and Senator T. H. Paxton will be the other two.

It was learned through a medium of Congressman James that he will not permit his name to be presented as temporary chairman of the state gathering. His friends said that he was determined to oppose it, and that he had absolutely forbidden any use of his name in that connection. This disposes of James as a temporary chairman proposition, and it is said advances Stanley.

Message From Bryan.
"I am a believer of a new age, to us and all of the Democrats of Kentucky from the next president of the thing was ever accomplished unless and

United States, William Jennings Bryan. He wants harmony among the Democrats of Kentucky. He has been coming to Kentucky ever since 1895 making speeches for the party. He says he wants to hear nothing more of fights in the Democratic ranks. He has heard of the Democrats of Louisville getting together. "I have never known of a convention in Kentucky where there were no contesting delegations from Louisville, but I hope such will not be the case at the convention in Lexington this time. Mr. Bryan wants no more divisions among Democrats in Kentucky. He asks that we forget our differences this year. I am glad to know you are coming to the national convention in Denver. I will see that you receive every attention possible. Kentucky has not made the showing at national conventions heretofore as I would wish. I hope it will be different this year."

Democrat Without Hope of Reward.
"I am a Democrat without expectation or hope of reward," said former Congressman Charles K. Wheeler as he was introduced to the audience. "I am a Democrat because I believe the principles of the Democratic party best conserve the interests of the people. I never intend to be a candidate. We are now face to face with the greatest issues the world ever saw."

The speaker took a crack at President Roosevelt in which he said that he was the most dangerous man who has ever sat in the white house. He said that he had perished most of the good things advocated by Democrats to boost his own interests. In alluding to Mr. Bryan the speaker said that he was the greatest man living today and if elected president, and he was confident that he would be, he would make the greatest president since Lincoln. He declared that he would always be honest and unpurchasable, and that he could not be intimidated by wealth or influence.

"We are on trial in this campaign and we must make good. Insidious enemies have entered our camp. There has been war lately in Kentucky which is a disgrace to the state. Let us stand from now on as the beacon light of Democracy of the nation. Let us select leaders not swayed by office or by hope of prize, but by the love of the people. Let us have W. B. Hadenham, of Louisville, and Senator T. H. Paxton will be the other two."

Lay Aside Personal Feeling.
Hal Corbett began his speech by saying that the time had arrived when men should be put in the lead of the Democratic party who had other interests save that of aspiring for office. Said he:

"Whatever your feelings may be against another man in the party you must also have them now. What is the time of the commonwealth? No great thing was ever accomplished unless and

there was a compromise and concession somehow or somewhere. It must be done if we want to see the Democratic party in Kentucky come into its own again, which it should do. I hope delegates to the national convention will be named favorably to all. We want Kentucky to come back to its own and it cannot do it unless the Democrats get together and forget all past differences. We want everybody to come back. We need such men as Watterson, who is a great Democrat and a great editor. No man is his equal at expounding the principles of Democracy when he so wills. We not only need him, we must have him. We need more men like Charles in the party. Away with factionalism. Let not this be a light for the supremacy of any man, but simply for the success of the party."

Mr. Corbett was loudly cheered all through his speech and the applause was prolonged at the mention of the name of Henry Watterson. Mr. Wheeler and Mr. Corbett left for Paducah at the conclusion of Mr. Corbett's speech.

Congressman Olffe James was greeted with enthusiastic cheering when he was introduced. Said he:

Rank and File to Lead.
"I am always pleased to speak to the Old Guard. They fight, they die, but never surrender. I don't belong to any faction in Kentucky. I am a Democrat, naturally Democratic. The white people, the intelligent and property-owning people in Kentucky are Democrats. Nothing but strife and bickering brings defeat to the Democratic party in Kentucky. The time must come when any man can run for office without the sanction of any machine. We are going to have a state convention, and when the Democrats assemble there a new mode of warfare will be announced. The rank and file of the Democratic party will command and the leaders must obey. Men must lay bickering aside, and if they cannot lead, then the people must lead."

"I anticipate no trouble at the Lexington convention. When the cause of a great party is at stake revenge must sink. A spirit of demagoguery is bad. The Democratic party must invite recruits and not kick Democrats out of the party."

The remainder of Mr. James' speech was devoted to national issues. He reviewed the work of congress in which the Republicans he said had utterly failed to make good a single promise to the people.

"I notice she bowed to you. Is she an old acquaintance?" "Yes; we're slightly acquainted. In fact, she's a sort of distant relation." She was the first wife of my second wife's first husband."—Chicago Tribune.

Kidney Troubles Attack Medical Men and Women, Old and Young.

Kidney illness seizes young and old. Come quickly with little warning. Children suffer in their early years.

Can't control the kidney secretions. Girls are languid, nervous, suffer pain.

Women worry, can't do daily work. Men have lame and aching backs. The cure for man, woman or child. Is to cure the cause—the kidneys. Doan's Kidney Pills cure sick kidneys.

Cure all forms of kidney suffering. John Stanley, farmer, living six miles south of Paducah, Ky., says: "My boy, aged 12 years, was a sufferer from weak kidneys for a number of years. He did not have any control over the kidney secretions and this caused us much annoyance, especially at night. He complained of his back aching him and last summer his general health became run down. We had a doctor from Louisville treat him, but one week he would be better and the next worse. I had often read of Doan's Kidney Pills, so decided to give them a trial, and procured a supply at Dillies, Son & Co.'s drug store. The boy took the first week he could control the secretions and the annoyance at night which had caused me so much work was removed. We continued to have him take Doan's Kidney Pills for three months when they made a complete cure."

He Was Done—But Did Not Stop.
A long-winded member of the Massachusetts Legislature was delivering an address in the Town Hall of a village near Boston. An old Scotchman, after listening for some time, arose and left the hall. One of his countrymen, who was waiting at the door with a back to drive the speaker to the station, asked: "Is he done yet, Sandy?" "Ay," Sandy replied, "he's done long ago, but he will not stop."

One of the great faults of Americans is that they talk too much and think too little. Many people fear that if they do not talk they will be thought foolish or ill-mannered, so they keep jabbering away whether they say anything or not.—Success Magazine.

WILL BE ONE BODY

CHRISTIAN MISSIONARY ASSOCIATION TO JOIN FORCES.

Action Will Be Ratified at Great Meeting To Be Held in Hopkinsville.

Hopkinsville, Ky., June 1.—One of the most important actions of the South Kentucky Missionary and Sunday School association, which met in annual session at Princeton the first three days of last week, was a decision to join forces with a similar organization in the central and eastern portion of the state, thus making the association a state affair. This decision was reached almost unanimously and is the result of a steadily growing sentiment in this direction. It is believed that under one management the united associations can carry on their work with better results than they could if they remained separate.

Before union can become legally established the action of the south Kentucky association will have to be ratified by the central and eastern branch. As the terms of the joining of forces have all been agreed to already, no trouble or delay is anticipated in a speedy consummation when a joint meeting of the two associations is held here on September 21-24. The consideration of the union is expected to be the first piece of important business taken up at the meeting here and when agreed to in the two bodies will then be in reality in their first convention as a state organization.

When the union is finally effected it will change the offices of the association somewhat. The Rev. J. W. Hindspeith, who has been filling the dual office of evangelist and corresponding secretary for the south Kentucky association, will be relieved of the duties of secretary, and will give his entire time to holding revival meetings over the state. It is probable that the office of secretary will be located in Louisville.

DEPLETION OF THE SENATE.

Deaths Among the Nation's Legislators During Past Year.

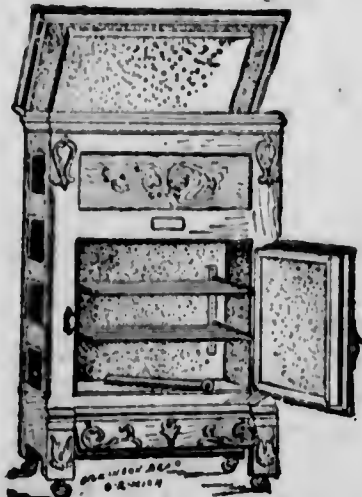

Death has been unusually busy in the senate. Five deaths within nine months, three of them within a month, is a large mortality in a body of ninety-two members. A year ago Morgan and Pettus, of Alabama; Latimer, of South Carolina; Proctor, of Vermont, and Whyte, of Maryland, were in active participation in the work of the senate, but their places are now occupied by their successors or are vacant. The average age of senators has shifted downward considerably by the death or dropping out of older senators and the number of senators who were members so late as twenty years ago is only seven.

Senator Whyte's record was unique. He was first a member of the senate in 1848, a colleague of Sumner, Trumbull, Morton, Conkling, Sherman and the other strong men whom the civil war brought to the front. He returned in 1875, when most of the war senators were still there, and had been a senator for thirty years.

Daily Thought.
 "To save time is to save every-
 thing else; for all things are con-
 tained in time."

CONGRESS.
 Congress has adjourned. It failed
 to do everything President Roosevelt
 advised. Anti-administration papers
 made fun of every message he sent
 and abused his policies to the heart's
 content. They are now en-
 gaged in abusing congress because it
 didn't do everything he asked.
 Neither the president, who was
 abused for offering the advice, nor
 congressmen who are abused for not
 following the advice, probably will
 feel the least concern over the atti-
 tude of their common critics.

When did a congress ever submit
 to the absolute dictation of an ex-
 ecutive? Where lives the American
 who would have congress without de-
 liberation obey the arbitrary behest
 of the president?

In considering the work of this
 congress in connection with the
 recommendations of the president,
 we must remember the work was
 done by one party on the eve of a
 presidential election, and that the
 policies of the administration recom-
 mended to congress, were advanced
 and unusual, and the congressmen
 have not had opportunity to secure
 a popular vote of sanction or repudi-
 ation of the recommendations.

Almost the entire period since the
 Civil war has been devoted to the
 aggrandizement of industrial Amer-
 ica. The whole machinery of gov-
 ernment has been given over to pro-
 moting transportation facilities, de-
 veloping new territories and building
 up the commerce and industries of
 the country. A new era is dawning.
 In our devotion to the encouragement
 of private enterprise, we have been
 blinded to a growing tendency to
 monopolization and restraint of
 trade, to national extravagance and
 waste, and we are awakening to the
 necessity for conserving our resources
 for a later day. Reforms once start-
 ed have involved every public ques-
 tion, and Roosevelt is the personifica-
 tion of the spirit of the era. One
 cannot expect congress, nor the
 whole people to follow the spirit with
 the speed of the president, whose
 position gives him a view beyond
 that of the average man, while con-
 gress must needs travel with an ear
 to the ground.

Considering all that, let us see
 what congress has done:
 In the way of reform—prohibited
 race track gambling in the District
 of Columbia; restricted child labor in
 the District of Columbia; passed an
 employers' liability law.
 To improve our foreign trade, in-
 crease our prestige abroad and bet-
 ter our knowledge of international
 conditions—reclassified the consular
 service, putting fit men in the offices.
 In the way of defense—increased
 the pay of soldiers and made the ser-
 vice more attractive; reformed the
 militia; provided for the defense of
 Hawaiian and Philippine ports; pro-
 vided for the construction of two
 large battleships a year.

In the way of foreign relations—
 ratified arbitration treaties with all
 foreign nations; appropriated \$1,-
 500,000 for an exhibit at the Japa-
 nese exposition; permitted free oper-

ation of foreign vessels in Philippine
 trade.
 Internal affairs—passed an emer-
 gency currency measure; and ap-
 pointed a commission to consider
 better laws on the subject; author-
 ized a tariff commission to revise the
 tariff schedules; provided for con-
 tinuance of waterways commission;
 appropriated money for an Appa-
 lachian forest reserve; established a
 range for American Buffalo.

There was much of importance
 that congress did not do; but with
 the election of a man whose relations
 to the present administration insure
 his persistence of its policies, an im-
 plement of the administration will
 be registered by the people, and we
 may anticipate more drastic reform
 measures at the next session.

The next congress will have plenty
 to do; but the fact that tariff re-
 vision is one of the important fea-
 tures of the legislative program, and
 that the Republican party is standing
 pat on the principles of protection,
 while the Democrats take little pains
 to sugar coat the doctrine of free
 trade, this may well be accepted as
 an issue in the coming presidential
 campaign. Shall the tariff be revised
 with the view to protecting Ameri-
 can workmen from competition
 with the pauper labor of Europe, or
 shall the tariff wall be broken down
 and our markets flooded with the
 cheap products from across the At-
 lantic?

What He Wanted to Say.
 "Hello!"
 "Hello!"
 "Hello, confound you! What do
 you want?"
 "Is this G145?"
 "Of course! Why don't you go
 ahead and talk?"
 "Oh, you needn't get mad about
 nothing."

"Well, my time's worth money!
 I can't stand here all day jabbering
 'hello' to somebody!"

"This is about the first time I
 ever used a telephone and—
 "Did you call me up for practice?"
 "No of course not."

"Did you call me up to tell me a
 funny story?"
 "No I—"

"Well, why don't you go ahead
 then with your business?"
 "You didn't give me a chance. As
 I was saying—"

"There you go again! Say, how
 long are you going to keep me stand-
 ing here?"

"You can sit down if you want
 to!"

"I'll sit down on you if this is
 supposed to be a joke! Who are
 you, sir?"

"My name is Brown. I moved in
 directly opposite you a few weeks
 ago."

"Well, Brown, I'm sorry to have
 spoken so harshly to you, but I'm
 not feeling just up to the mark to-
 day. Hope you will pardon me."

"Oh, certainly."

"What is it you wished to say to
 me?"

"Why, I wanted to tell you that
 your house is on fire."—Success

Mrs. Wilson's Funeral.
 The funeral of Mrs. Ida Wilson was
 held this afternoon at the German
 Lutheran church. The burial followed
 at Oak Grove cemetery. Mr. John
 Rupertus, a brother of Mrs. Wilson,
 arrived from Denver, Col. The pall-
 bearers were Messrs. Jesse Gilbert,
 Thomas Goodman, James Lally, Wil-
 liam Morgan, Henry Smith and Henry
 Kolb.

Low Case Continued.
 The case against Charles Lowe,
 colored, charged with robbing the
 Rev. J. W. Cook, colored, of a Mem-
 phis, was continued in police court
 this morning. The conductor, bagman
 and porter of the train were present,
 but Cook failed to appear and the case
 went over until Friday.

Baby Fractured Arm.
 Lawson, the 22-month-old son of
 Mr. and Mrs. E. L. Delvin, No. 8 South
 Fourth street, fell from the platform
 of the railroad station at Maxon
 Mills yesterday afternoon and frac-
 tured his right arm in two places.
 The fracture was reduced by Dr.
 Rivers and the little fellow is resting
 easy today.

First June License.
 The first marriage license for the
 month of June was issued this morn-
 ing by the county clerk to Jack Little-
 ton and Mary Tucker.

Mr. Leslie Puryear returned home
 Saturday night from McKenzie, Tenn.,
 where he was graduated last week
 from McTee's school.

THE VANISHING FLEETS

By
ROY NORTON
 ILLUSTRATED BY A. WEIL

(Continued from last issue.)

Other advanced thinkers, who
 looked far into the future, began a dis-
 cussion as to the final outcome, what
 partition would be made of the con-
 quered territory, and whether Japan
 would hold it as a colony for her own
 surplus population under a regulation
 colonial government. English writers
 expressed grave doubts as to Japan's
 ability to conduct colonies success-
 fully, and were rather of the opinion that
 the country should be given to Great
 Britain, whose remarkable success in
 India and elsewhere had made her the
 fountainhead in this branch of gov-
 ernment. New maps of the world were
 published in the most progressive
 periodicals, and souvenir buttons were
 sold in the streets of Tokyo depicting
 a very valiant little Japanese soldier
 kicking Uncle Sam into the sea and
 taking possession of his land. All the
 world looked down to do honor to the
 "brave little brown men," and many
 aggressive powers regretted that they
 had not been the first to think of
 taking possession of the United States,
 which their statesmen sometimes
 spoke of as being a nice little country
 and capable under reasonable rule of
 becoming quite a place.

The nation under discussion re-
 mained in the same astounding condi-
 tion of silence and inaction. At first
 it had seemed that a clash along the
 Canadian border was inevitable. The
 massing of such great bodies of troops
 in such a position appeared almost a
 threat, and Great Britain in the first
 instance began hurriedly concentrat-
 ing forces at points where they would

be available in case of attack; but as
 day after day passed with no for-
 ward move and no action save that of
 preventing the passage of any person
 or the transmission of any communi-
 cation alarm gave way to bewilderment.
 Canadian secret service men
 who succeeded in entering the camp
 of the soldiers soon returned to report
 that apparently the troops knew no
 more of the reason for their being sta-
 tioned there than did the world at
 large.

In the meantime there gathered into
 the sounds, bays and harbors of for-
 eign ports American vessels of war,
 which came to anchor and remained.
 On board these ships were the most
 disconsolate body of officers and men
 that were ever collected in hulls. The
 last orders any of them had received
 had been made so positive, so plain
 and unequivocal, that they had no
 choice other than to obey. They had
 been commanded to gain these neutral
 berths and under no circumstances to
 leave them. They were not even per-
 mitted to assume the slight color which
 betokens war on the waters, and
 therefore retained their dress of im-
 maculate white. They, too, seemed
 under the ban, and like war dogs in
 leash, strained impatiently for action.
 Nor was there an officer in all these
 idle and scattered ships who did not
 wish himself on the waves of the Pa-
 cific, across which the enemy's fleet
 was now forging.

The time advanced until the Japa-
 nese warships were due to arrive at
 Honolulu, where they were to report,
 coal and prepare for the final struggle.
 The cable between Hawaii and Japan,
 now in possession of the millions of
 operators, continued its daily reports
 of most favorable weather; but still
 no squadron hoisted its light.

One day, two days, and three, passed
 before Japan felt anxiety, or the world
 began its discussion as to the cause
 of the long delay. Then, when the
 fleet was more than a week overdue
 it became almost a certainty that
 some disaster had overtaken it, al-
 though from no section of the sea had
 there been a typhoon reported or any-
 thing but excellent barometric condi-
 tions. Ten days passed in this same
 way, and on the last the report from
 Honolulu was identical with that
 which had been made on all those
 previous: "Nothing in sight, and noth-
 ing arrived."

Once more the world stood in ex-
 pectancy, and vainly sought the so-
 lution for the latest enigma. Storms
 were eliminated; for no tempest could
 have wiped out such a magnificent
 body of ships so effectively as to leave
 none to hear the sad tidings to the
 nearest port. And then, as a full reali-
 zation of what must have happened
 dawned upon the watching powers, a
 shudder of dread passed through them
 all. It was plain that America had
 some new and terrible naval strength,
 some unheard of monster of the deep,
 that gave it the mastery of the seas.
 The evolution of submarines had been
 rapid; but no one had knowledge of a
 craft that could steam such a distance
 as would have been necessary to in-
 tercept the Japanese before they
 reached Honolulu, engage them and
 either destroy them completely or cap-
 ture and convey them to an American
 port.

It must have been total destruction,
 the world argued, because in case of
 capture great battle ships themselves
 would scarcely have been able to
 make the complete trip to a Pacific
 coast on the supply of coal they car-
 ried in their bunkers. Forced drafts
 required great expenditure of fuel,
 and never at any time had there been
 any other intention than of replenish-
 ing at Hawaii. It seemed impossible
 that a civilized nation should have
 chosen deliberately to exterminate its
 enemies by wholesale; and yet there
 was no other conclusion tenable.

How terrific must have been that
 onslaught, coming up out of the wa-
 ters of the sea, and how remorselessly
 executed! All losses of life in previ-
 ous naval engagements sank into in-
 significance when compared with this
 sudden and swift obliteration of a
 fleet of warships, transports and col-
 liers. It would be nearly impossible
 to spare lives in such a battle, and
 it seemed a certainty that the great
 steel monsters that had sailed away
 to easy conquest had become mere
 metal coffins for those who manned
 them, and were now resting some-
 where on the floor of the headless Pa-
 cific. If such was the case, it was
 time the United States ceased to ex-
 ist as a nation, when peopled by in-
 human monsters who calmly slew
 their adversaries when threatened.

Japan was left a helpless little is-
 land in the sea, without ships to as-
 sail an enemy or to defend herself.
 Shorn of power and pride, she was
 plunged as deeply in mourning as
 only a few weeks before she had been
 exalted in glory. She plaintively be-
 wailed the barbarities of her enemy,
 and proudly pointed to her own high
 state of civilization, which made such
 warfare impossible. She asserted
 that had she possessed such monsters
 of destruction as were evidently owned
 by the United States, she would have
 acceded to use them without notifi-
 cation of the whole world of her power. It
 was a country of desolation.

There was hardly a prominent home
 in Japan which had not contributed
 some member of its family to that
 splendid navy which had sailed so
 promptly away when early June was
 spreading its flowers over the empire;
 now there were sobs of bereavement
 and woe.

Across the ancient lands of the
 Pharaohs and up through the provi-
 nces of kings there swept a unani-
 mous desire for an explanation. It
 could come from only one source—
 this land of mystery which had cut
 itself off from all the world and stood
 silent, guarding its secret, and sud-
 denly grown ominous in its possibili-
 ties and potentialities.

Japan, hopeless and driven to ex-
 tremities, appealed to her ally, Great
 Britain, for news. She showed no
 cowardly spirit by asking for aid of
 arms, and sought the assistance of her
 closest friend only that she might gain
 information. And Great Britain after
 due consideration responded.

which has been overhauled and is in
 service today at the No. 4 fire station.
 Another two wheel reel was used for
 in emergency, and the old reel is
 stored at the No. 2 fire station. The
 Central station is the second one that
 was built as the first engine house
 was on South Third street.

As a leader at a fire, Captain
 Slaughter is quick, daring and under-
 stands how to work his men. With
 the No. 3 station he has a chemical
 wagon and four firemen, the smallest
 station in the city, but his district in-
 cludes nearly all of the fine residences
 in the city and several of the largest
 manufacturing plants. During last
 year 21 alarms were answered by the
 No. 3 company, which was only bested
 by the No. 4 truck, and it has nearly
 the whole city for its territory. For
 speed the No. 3 company has made
 records, and in the trial run to box
 23, Seventh and Washington streets,
 several weeks ago, two men held stop
 watches, and the No. 3 company
 reached Seventh street and Kentucky
 avenue after a run of 94 blocks, in
 two minutes, and had laid a line of
 hose 550 feet long, and had a stream
 of water at the fire box in 30 seconds.
 Besides the No. 3 station is acknowl-
 edged one of the cleanest in the city.

Captain Slaughter was the recipient
 of many congratulations today on his
 excellent service to the city.

 to white people and nine to colored.

Burial Permits.
 Twenty-two burial permits were
 issued by the city clerk, 16 being
 issued to white people and six to
 colored.

Fire Department.
 During May the fire department
 had an unusually quiet month, as
 there were only six alarms answered.
 The loss on buildings and stock will
 amount to approximately \$10,000,
 and all is covered by insurance. The
 burning of the Standard oil com-
 pany's lubricating house, and the loss
 of the destruction of the Ferguson
 Waterproofing company were the
 only fires of consequence.

Police Report.
 The police had an average month
 in May, as 153 arrests were made.

Riverside Hospital.
 The report for Riverside hospital
 for the month of May is: Private
 patients received 23; city patients re-
 ceived 9; births 1; deaths city pa-
 tients 2; private patients, on hand
 8; city patients 5.

Fifty-six Applicants.
 The report of acceptance at the
 local recruiting station for the United
 States regular army has been pre-
 pared by Sergeant C. A. Hulse. The
 report shows that during the month
 there were 56 applicants. Of these
 18 were accepted and 38 rejected.
 Thirty-five applied for infantry, 13
 for cavalry, 5 for coast artillery, 1
 for signal corps, 1 for field artillery
 and 1 for hospital corps. The list of
 occupations is as follows: Farmers
 31, laborers 5, coal miners 2, hol-
 makers 1, cooks 2, barber 1, black-
 smith 1, pharmacists 2, musicians 2,
 teamsters 1, harnessmakers 2, book-
 keepers 2, telegraph operators 2,
 sawyers 1 and one student. Ten
 were rejected for being under size,
 6 underweight, 5 married, 5 minors,
 1 poor physique, 3 illiterate, 3 drunk-
 enness and 2 for other reasons.

City Finances.
 Following is the report of City
 Auditor Kirkland and City Treasurer
 Jordan for May, 1908:

Balance May 1.....\$15,919.73
 Collections 4,366.31
 Disbursements 13,355.74
 Balance June 1..... 6,922.28

Revenue Stamps.
 May was an average month for the
 issuance of revenue stamps. Stamp
 Deputy Louis L. Hebert collected
 \$9,313.96 and 221 W. L. D. stamps
 were issued.

Philadelphia, June 1.—An entire
 family, consisting of William Edel-
 man, aged 35 years, his wife, Eliza-
 beth, aged 37, and their two children,
 Anna, aged 17, and William, aged 7,
 of West Pensacola, New Jersey,
 were drowned in Pensacola creek
 below Riverton, N. J., by the cap-
 tain of a small rowboat.

The family was taking an outing
 partly in celebration of the fact that
 the father had just cleared off the
 mortgage on his home. The bodies
 of the four were recovered.

SOUTHERN ELECTRIC

All the old officers of the Southern Electric Interurban railway company were re-elected this morning in a meeting of the directors in Mr. H. J. Lovings' office in the Fraternity building. The plans of the company for the immediate future were discussed and it was found that the prospects for an early activity in actual construction work are good.

The directors of the White Plains Coal company also met in Mr. Lovings' office this morning and several positions were resolved about their coal land holdings at White Plains. Mr. Lovings went to White Plains this morning on business, immediately after the meeting. The land has never been worked for coal, but the state geologist report indicates a rich deposit.

CLOTHING STORE ROBBED AT ELTON LAST NIGHT

Paducah, Ky., June 1.—(Special.) The clothing house of Jones & Chambers was entered by thieves last night and robbed of suits, hats, shoes and underwear. Several fine brown and blue serge suits were taken. Chief of Police Baker has written up of the surrounding towns to keep out a watch for the thief. Little money was secured.

CONTEST IN IOWA FOR SENATORIAL HONOR TOMORROW

Des Moines, June 1.—A state primary will be held tomorrow to decide whether Governor Cummins or Senator Allison will be returned to the United States senate. Members of the legislature are pledged to abide the outcome of the primary. Allison in outlining issues of the coming campaign said the question is whether Democrats or Republicans shall revise the tariff. He declared if Taft is elected a special session of congress will be called to consider the tariff.

PIERCE IS BEATEN

Washington, June 1.—The supreme court decided that H. Clay Pierce must return to Texas under arrest to answer to the indictment for false swearing in the attempt of Texas to oust the Waters-Pierce Oil company from the state. Pierce was under arrest in St. Louis and sought release under habeas corpus, claiming the indictment was insufficient.

FITZGERALD WELCHED WHEN OFFICERS WENT AFTER HIM

Vernon, Tex., June 1.—The police declare Julius Fitzgibbon, of New York, who made confession that he was involved in the gangster murders and helped Langford hurt the victims, has retracted his statement. Sheriff Snitzer, of Laporte, arrived to take Fitzgibbon in custody, when the latter denied the original story. Local officers discredit the confession.

Eight Bishops Consecrated

Baltimore, June 1.—Perhaps the most impressive moment of the general conference of the Methodist Episcopal church was when eight bishops were consecrated.

JOHN MITCHELL MAY RUN FOR GOVERNOR OF ILLINOIS

Chicago, June 1.—John Mitchell, former president of the United Mine Workers, wants to run for governor of Illinois on the Democratic ticket. He will decide whether to make the race on June 15, when the Illinois Federation of Labor meets. It is expected that a boom for Mitchell will be started at that meeting. Roger T. Sullivan, Democratic national committee man, thinks Mitchell or Samuel A. Altshuler would make the strongest candidate the Democratic party has had in years.

DAVE EDWARDS CONVICTED

Self-Confessed Murderer of 17 Found Guilty in 18 Minutes.

Chattanooga, Tenn., June 1.—Edwards, the Casey county, Kentucky, desperado, who admits committing 17 murders, was found guilty of murder in the first degree here for the killing of Contractor J. D. Davis in a suburb about six months ago. The jury which returned the verdict was only out 18 minutes.

The attorneys who represented Edwards against his will pleaded insanity for their client. In opposing the selection by the court of attorneys for him, Edwards stated that he wanted to hang in order that he might go to "hell" and prepare a red-hot reception for lawyers. After the verdict was brought in, he asked to be immediately sentenced to death.

ONLY UNION MEN

May Hold Position of Inspector of Safety Appliances.

Chicago, June 1.—A Washington special to the Record-Herald says: "Acting presumably upon the advice of Secretary Edward A. Moseley, the Interstate Commerce commission has issued a rule to the effect that none but union men shall receive appointments as inspectors under the safety appliances act. This action has aroused the greatest indignation among railway managers, who insist that it is another attempt on the part of the commission to curtail favor with the labor organizations."

This approximately \$100,000 annual, patronage not only places entirely within the hands of the unions the execution of the safety appliance law, but it also places a powerful whip in their hands with which to force the railroads into doing things that may be desired by the unions. Not so long ago a certain railroad threatened to reduce wages. Soon afterward a force of inspectors was at work upon that road, with the result that there was a crop of fines that aggregated a considerable sum.

The bishop of London recently declared that he prepared all his sermons and addresses while dressing. The sting of defeat lies longer depend on its breadth now.

TENTATIVE PLAN FOR CONVENTION ANNOUNCED TODAY

Chicago, June 1.—A tentative plan of the Republican convention is announced. On June 16 will be the opening prayer, Temporary Chairman Burrows' keynote speech on appointment of committees. A recess will be taken until the credentials committee reports. It probably will take two days to hear the 229 contests. At the second session the platform will be adopted. Nominations come the following day.

The political pot is beginning to boil preparatory to the Republican national convention. Leaders of the party are beginning to arrive. Wire pulling for candidates is on in earnest. Charles P. Taft, brother of Secretary Taft, Frank Hitchcock and Arthur I. Vorys, Taft's managers, are due this afternoon and immediately will open headquarters. Congressman McKelvey took charge of the Cannon headquarters today. Fairbanks and Hughes headquarters are being enlarged. Members of the national committee are arriving to take up the contests and arrange the temporary roll of the convention.

BABYS VOICE

Is the joy of the household, for without it no happiness can be complete. How sweet the sight of mother and babe, angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass is such that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with dread. Every woman should know that the danger and pain of child-birth can be avoided by the use of **Mother's Friend**, a liniment for external use, which toughens and renders pliable all the parts, assisting nature in its work. By its aid thousands of women have passed this crisis in safety and with little pain.

Sold at \$1.00 per bottle by druggists. Valuable book to women sent free.

MOTHER'S FRIEND

Alaska Coal Deposits.

Washington, June 1.—An important bill which permits practically for the first time the development of the immense coal deposits in Alaska has been reported favorably from the senate committee on public lands. It authorizes persons who have heretofore made locations of coal lands in Alaska, in good faith, to consolidate their claims in a single tract of 2,500 acres, and to form associations to perfect entry, and acquire title.

It is provided that no corporation shall be permitted to consolidate its claims unless seventy-five per cent of its stock shall be held by persons qualified to enter coal fields in Alaska.

The United States is to have the preference right to purchase as much of the products of the mines as may be necessary for the use of the army and navy and at such reasonable and remunerative price as may be fixed by the president.

If any of the lands or deposits purchased under this act are held in any manner, directly or indirectly, so that they form part of a consolidation in the form of an unlawful trust, or form the subject of any contract in restraint of trade, the title is to be forfeited to the United States.

If a woman can't find out about something she wishes to know she always imagines she has found it.

MIDGET MOTHER

AND BABE ARE ALIVE AT RIVER SIDE HOSPITAL.

Cæsarian Operation Performed by Dr. Frank Boyd, Assisted by Drs. Bradley, Reddick and Hearn.

A bright little baby, one week old, at the Riverside hospital owes its existence to the skill of surgery and in the delicate operation which brought the little one into the world, the life of the mother was also saved.

The mother is a midget, just 39 inches high, and the operation was the rare and difficult one known technically as the Cæsarian operation. It is the only case of the kind on record in western Kentucky. It was performed one week ago by Dr. Frank Boyd, assisted by Dr. B. L. Bradley, Dr. T. J. Reddick and Dr. R. E. Hearn. The mother will recover and the baby is strong and well. It weighed seven and one-half pounds.

The mother is Mrs. Ada Grinnell, wife of Pearl Grinnell a musician, and has made her home in Paducah for the past year. She is a sister-in-law of Harry Lloyd. Her father is George B. McClelland and her brother is William McClelland, employees of the marine ways.

Mrs. Grinnell was born in Cincinnati. She is about 20 years of age and has been married seven years. She has one other child, a little girl of three years, who was brought into the world in the same way as her week old baby. Mrs. Grinnell lives at 229 South Third street.

"The baby's name is Frank Bradley Grinnell, for Dr. Boyd and Dr. Bradley."

There Are Few

people who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. Herblin's will keep it in condition. V. C. Simpkins, Albia, Texas, writes: "I have used Herblin for Chills and Fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown-up people, and I recommend it. It is fine for La Grippe." Sold by J. H. Oehlschlager, Lang Bros., C. O. Ripley.

The Exercise Cure.

The brilliant Chinese Ambassador, Wu Ting Fang, was recommending to a group of correspondents—but not for publication—his view of a certain selfish politician.

"In short," said Mr. Wu, "the man reminds me of a doctor of Shanghai."

"A mandarin came to this doctor for advice. He could not sleep, had no appetite, suffered a good deal from depression, and nevertheless was taking on fat at an alarming rate."

"We'll soon put you in condition again," said the physician. "What you need is exercise—good, hard exercise. Four times a week you can come home and put in the morning polishing my floors."

"But why not my own floors?" the Mandarin inquired.

"Mine," said the physician, "are larger."—Washington Star.

News Notes From the Sunday Papers.

The senate passed the Aldrich-Vreeland currency bill by a vote of 43 to 25, this action being taken after a day devoted to a filibuster against the measure. Senators Stone, of Missouri, and Gore, of Oklahoma, occupied the time of the senate after 7 o'clock yesterday morning, when Mr. La Follette retired. Mr. La Follette broke the record for long speeches, holding the floor continuously for eighteen hours and forty-three minutes.

After knocking at the door of congress for fifty-three years for recognition, the surviving officers and enlisted men of the Texas Volunteers won their long fight for pensions by the action of the house in passing the senate bill making provision therefor. These men were employed in the defense of the frontier of Texas against Mexican marauders and Indian depredations from 1835 to 1840.

At the Churches Yesterday.

"Keep Thy Heart With All Diligence, for Out of It Are the Issues of Life"—these words of admonition given by King Solomon to his son, formed the text of Dr. W. E. Cave's sermon at the First Presbyterian church yesterday morning. By illustrations well chosen and aptly interpreted, Dr. Cave showed how the spiritual heart of man is the seat of spiritual life, even as the material heart is the most vital organ of the body. He compared it to a fortified place, which can not be overcome by storm, but must voluntarily surrender, either to good or to evil.

Twenty-five Baptized.

Twenty-five persons were baptized Sunday evening at the German Evangelical church by the pastor, the Rev. William Bourquin. The class has been growing for some time and yesterday all were baptized at the same time. English sermons were preached morning and evening by the pastor to appreciative audiences.

One Baptized.

The Rev. M. E. Dodd preached in the evening at the First Baptist church and one person was baptized. Dr. Dodd left early this morning to preach a funeral at Fulton.

Five Additions.

Five additions were made to the Third Street Methodist church Sunday evening, under the preaching of W. T. Robbins, a lay evangelist. Mr. Robbins also preached Sunday afternoon, and in the morning the Rev. Thomas Woodbridge preached to a large audience. The revival has been going on for two weeks, and was closed at the church last evening after nearly a hundred conversions.

At Broadway.

Mr. W. H. Pilcher, of Louisville, builder of the Broadway Methodist church organ, played at the church Sunday evening, being in the city to tune and repair the organ. The Rev. W. H. Blackard, presiding elder, filled his regular appointment, preaching from the subject: "Paul's Philosophy of Human Life." Dr. Blackard will leave today for Jackson, Tenn., to attend a meeting of the trustees of the Memphis Conference Female Institute.

INDIAN'S RECORD STILL UNBROKEN

Manage to Defeat Crack Princeton Team Sunday.

Sixth Inning With Two Bagger Tells Story of Game—Close Up Till Then.

PITCHING OF RUNYAN GREAT.

Through good pitching and steady team work Paducah won from the crack Princeton team by a score of 3 to 1 yesterday afternoon in a battle royal at League park. Runyan pitched for Paducah, and the story of his work is best told by the fact that he allowed 3 hits, fanned 15 batters, and only gave one base on balls. Stevens, a former pitcher to Paducah batters, allowed four hits, fanned four and hit two men. The game was interesting from the start, and the large crowd cheered until hoarse.

Princeton started off like a winner. A man was on base, when Moore had a foul tip that got away from Hays. The umpire did not see the foul and called it a strike, and on the play a Princeton had reached home. Thus with the score in Princeton's favor the Indians plodded on until the sixth inning. In this inning Hays and Robinson were first up, but were easy outs. Goodman followed, and Stevens hit him. Runyan followed with a single advanced Goodman to second and took first base himself. Cooper was next up, and he managed to let a ball graze him, and he got a pass to first, filling the bases. Newman came to bat and smashed out a two bagger and three Indians came over the plate.

At no time did the Indians have difficulty in hitting Stevens, but every time the ball would go where a player was standing. Stevens still has good curves. Runyan's work was a feature, and his quick breaks were too much for Princeton. Cooper got a long drive to left field and Caslin muffed it, but Cooper was able to take only one base. Newman was the star with the ash as he smashed out two hits, and his double bagger was timely.

The game was played in an hour and 25 minutes, and the fans smiled all the time. Next Sunday Hays and Robinson will journey to Princeton and play a return game with the Indians. The record this season has been seven games and not one lost, while three have been shutouts. Gas trouble interrupted yesterday.

The team's lineup, Paducah—Hays, c.; Runyan, p.; Goodman, 1b.; Hays, 2b.; Cooper, 3b.; Robinson, ss.; Newman, lf.; Williams, cf.; Hart, rf.; Princeton—Doyle, c.; Stevens, p.; McCabe, 1b.; Seymour, 2b.; Greer, 3b.; Pettie, ss.; Caslin, lf.; H. Moore, cf.; and R. Moore, rf.

No Game at Metropolis.
No game was played at Metropolis yesterday owing to the failure of the Toledo baseball team to show up. A game was scheduled, but had connection was made, and the ball tossers could not arrive in time for the game.

CONTEST 229 SEATS

REPUBLICAN CONVENTION HAS DELICATE TASK.

National Committee Will Meet At Chicago on June 4 to Begin Hearings.

Chicago, June 1.—Two hundred and twenty-nine seats in the Republican national convention will be made the subjects of contests before the national committee of the party, according to an announcement made by Elihu Dwyer, secretary of the committee. Mr. Dwyer gave out a list of the contests filed to date, showing that the four-delegate-at-large from each of eleven states, two territorial delegates each from Alaska and Arizona and 181 district delegates from fifteen states will be involved. The hearings are to begin before the committee on June 4.

Secretary Dwyer's list, which is headed "unofficial," shows that the contests over delegates-at-large will involve the representatives of the following states:

Alabama, Florida, Georgia, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia.

The following districts are contested, each involving two delegates:

Alabama—First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth and Ninth.
Arkansas—Fifth.
Florida—Second and Third.
Georgia—First, Second, Third, Fifth, Sixth, Eighth and Eleventh.
Kentucky—First, Fifth, Sixth and Eleventh.
Louisiana—First, Second, Third, Fourth, Fifth, Sixth and Seventh.
Mississippi—Third, Fourth, Fifth, Sixth, Seventh and Eighth.
Missouri—Tenth, Eleventh and Twelfth.

North Carolina—First, Second, Third, Fourth, Fifth, Sixth, Seventh and Eighth.
Ohio—Third, Sixth, Tenth and Thirteenth.
Oklahoma—Third and Fifth.
South Carolina—First, Second and Fifth.

Tennessee—Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth and Tenth.
Texas—First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth and Sixteenth.

Virginia—First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth and Tenth.

In addition one delegate from the Twenty-first district of Pennsylvania is a subject of dispute.

A MONSTER SAILING SHIP.
Steel Hulled and Bigger Than Noah's Ark—Good for 18 Knots Hour.

It is the general understanding that the day of the sailing ship is past, but here's a sailing ship—at least, she was expected here yesterday, but was kept off by the howling gale—that beats all records, even that of Noah's ark as to the size though that appears to have been large enough to save a pair of all earth's creatures that could not live in the water. The new ship was built at Geestemunde, a port of Prussian Hanover, and though she has made several records runs across the Pacific and around the Horn, she has never been here yet, but is coming from Hamburg now for a load of oil from the Standard Oil company.

According to the estimates Noah's ark was of less dimensions than this ship, which is named the Preussen, as she is 438 feet long, 54 feet beam amidships and about 34 feet deep from the deck at the same point to keel. When laden to a twenty-seven foot draft she carries about 8,000 tons and displaces 11,150 tons; yet despite that, she can travel under favorable conditions at the rate of 18½ knots an hour, although she depends for propulsion solely on her sail power. That is furnished by 60,000 square feet of canvas distributed over the five masts among the forty odd sails. She is steel hulled with a double bottom containing 350 tons of water ballast when on a voyage.

In the days when the sailing ship was in the ascendant, one that could go a 14 knot gale was one to boast of though in the days of the "clipper ships," say 50 years ago, there were several that had a record when at their best of 18 knots and a trifle over. But the Preussen is not a "clipper ship," and with her great draft and displacement, her eighteen and three-fourths knots places her on a par in a long voyage with most of the giant steamships of the present day provided the weather conditions are favorable to sailing ships.—Brooklyn Citizen.

A Happy Mother
will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—If your baby is fussy and doesn't sleep at night, it is troubled with worms. White's Cream Vermifuge will clean out these worms in a mild, pleasant way. Once tried always used. Give it a trial, price 25 cents. Sold by J. H. Gehlshlager, Lang Bros., C. O. Ripley.

"The colonel is a very sleek man," sympathetically said the attending physician, addressing the auctioneer's anxious wife. "His pulse is now going at 101."

"Going at 104!" feebly cried the invalid. "At 104! Going at 104! Who'll make it 105? One hundred and five, do I hear, for a pulse that has been running steadily for forty-seven years and never once stopped. One hundred and five, will you guess? Who'll make it 105?"—Puck.

The first week of the Paducah Evening Sun's Great Popularity Contest ended in a tremendous burst of excitement Saturday night, but that is a thing of the past and the candi-

dates have their faces turned toward the finish with the idea of making the most of the remaining five weeks. There will be something doing all the time and it will be well for everyone connected with the contest to watch this column every day for announcements of great importance.

One hundred dollars in special prizes will be given to busy candidates during the next four weeks of the contest. This week's prize is a value of \$42. Next week's will be worth \$20, the next \$20 and the last \$10, leaving the last week of the contest with no special at all, nothing but the regular eleven prizes to think about.

Don't hold back your business till later with the expectation that a bigger announcement will be made as the contest progresses—the biggest special prize is the one to be awarded Saturday night. After that the value of the special will be scaled down at the rate of \$10 per week. The earlier you get busy the better you will be repaid for your effort.

There's something besides the special prizes to raise excitement this week.

The bonus vote proposition is more attractive to candidates than any special prize could be, for the bonus votes assist in the winning of the big prizes at the finish.

There is a complete explanation of the special offers for this week.

A \$42 lady's or gentleman's watch will be given to the candidate, irrespective of district, who turns in the largest amount of cash between this morning and 9:00 p. m. Saturday, June 6. If the winner has a watch and does not care for another the watch will be exchanged for a diamond of equal value or anything else in the complete stock of Warren & Warren.

Ten thousand bonus votes will be given to the candidate, irrespective of district, who turns in the largest amount of cash on new subscriptions between this morning and 9:00 p. m. Saturday, June 6.

Five thousand bonus votes will be given in each district to the candidate who turns in the greatest amount of cash on subscriptions, whether old or new, between this morning and 9:00 p. m. Saturday, June 6.

Two thousand bonus votes will be given for every \$25 any candidate turns in.

Candidates were given to understand that their effort for Saturday would count them more than the effort of any other one day during the contest. The announcement of the special offers for this week in no way conflicts with the representation made to candidates last Friday regarding the results of Saturday's work.

The bonus for this week's work is not so large as was the bonus for last Saturday, alone. Of course there is the special prize, but it is for six days' work instead of one. A proportionate prize for one day's work would not be large enough to excite interest.

After this week the size of the special prize will steadily decline to the end of the contest, so that during the last week there will be neither bonus nor special prize to distract the attention of the candidates from the real issue of the campaign, the splendid list of regular prizes.

Remember that this is a very short game and that if you are to be a winner you have to make your effort count from the first. You cannot hope to be back for a week and then catch up with someone who has been wisely using all his spare time to the best advantage.

Remember that there are 92 "live" candidates in the field and that any one of them is a worthy opponent. Of course lots of them will drop out every day now when they see that there are other folks who really mean business. The percentage of quitters

will be so large that those who stay to the finish are bound to be handsomely repaid for their effort and time.

It will certainly be an honor to win over the field of racers that have finished the first of the six laps of The Sun's \$2,000 trial of speed and endurance.

The Sun Contest is absolutely open. No ring, clique, organization, denomination, order, or business house has any preference with the management of The Sun or the management of the contest. Any statement contradicting this fact is a malicious assumption of unfairness.

Reports have come to this office to the effect that several over-enthusiastic persons have been observed following the boys who deliver The Sun, picking up the papers as they were thrown in the yards or on porches, and clipping therefrom the precious little coupons. The management of this paper will consider it a great favor if subscribers will report the names of those who perpetrate these annoying little outrages, to the end that they may be prevented from doing so in the future.

Voting Limit.

Until May 29 no candidate will be allowed to cast more than 2,000 certified votes in any one day.

The Paducah Sun's Great Popularity Contest began with the official announcement on May 23 and will close on the great national holiday, July 4. That makes exactly six weeks.

There will be no extension of the time of the contest. When it's over it's over, and the happy, lucky ones will be luging home deals for real estate, orders for fine furniture, rare jewels and a bunch of other things.

Who Are Eligible?

Any white person, man or woman, of good character, residing in the territory covered by The Sun may become a candidate for the honors and the prizes in The Paducah Sun's Greatest Popularity Contest.

The contest starts with today's announcement and will continue till July 4, at 9 p. m., at which time a committee of well-known and trustworthy citizens will be chosen to determine who are entitled to the prizes.

More Than \$2,000 in Prizes. Following is a description of the magnificent list of prizes offered for the winners in this contest together with the arrangement governing their distribution.

The candidate securing the highest number of votes, regardless of district, will be given The First Grand Prize, a \$700 double building lot in Gregory Heights, Paducah's prettiest suburb.

The candidate securing the second highest number of votes, regardless of district, will be given The Second Grand Prize, a \$400.00 two-carat, blue-white diamond, on display at Jo Wolfe's jewelry store, 327 Broadway.

After the judges of the finish of the contest have awarded the Grand Prizes, the names of the two winners will be stricken from the list of contestants and the nine district prizes will be awarded as follows:

The three persons who lead their respective districts will be awarded a \$200 piano, on display at W. T. Miller & Bros., 520 Broadway, a \$150 suit of furniture, displayed at Garner Bros., 207-213 South Third, a \$100 buggy and harness, displayed at Powell-Rogers, 129-131 North Third. The above three prizes will be given to the three district leaders in the order of the number of votes credited to them.

The three persons who receive the second highest number of votes in their respective districts will be awarded the following prizes in their

order of rank—a \$65 watch on display at Pollock's, 333 Broadway, a \$50 lady's or man's watch at Nagel and Meyer's, corner Third and Broadway, a \$50 Miller range, displayed at Hank Bros., 212 Broadway.

Districts.

The territory covered by The Sun has been divided for the purposes of this contest into three districts, as follows:

District 1 comprises all of the city of Paducah north of Broadway, including the north side of Broadway.

District 2 comprises all of the city of Paducah south of Broadway, including the south side of Broadway.

District 3 comprises all of the territory served by The Sun outside the limits of the city of Paducah.

The three persons receiving the third highest number of votes in their respective districts will be awarded the following prizes, a \$27.50 refrigerator, displayed at Henneberger's, 422 Broadway, a \$25 chair or other furniture from Rhodes-Barford's, 112-116 North Fourth, a \$25 lady's or man's watch on display at J. L. Wanner's, 311 Broadway.

In addition the management of The Sun will spend \$100 in special prizes to be distributed to busy candidates during the progress of the contest, making a grand total of more than \$2,000 in prizes, to be distributed gratis.

Table of Values.

Besides the coupons which are printed daily in The Sun and which are good for the number of votes printed on them if voted before the time limit stated, contestants may secure subscription votes according to the following schedule:

Contestants may secure subscriptions anywhere they wish. For instance a candidate in District 3 is entitled to turn in subscriptions from District 2 or District 1, and vice versa.

New subscribers are those who were not taking The Sun May 23, the date of the start of the contest. Transfer from one member of a family to another or to someone else living in the same house will not be counted as a new subscription.

FIRST JUNE PEACHES ON MARKET THIS MORNING.

The first home grown peaches were offered for sale today on market, and brought 50 cents for a fruit basket. The peaches are June peaches, but are ripened fully, and of a much better quality than those shipped from the south. They grew on the farm of Mrs. J. T. Pierce on Clark's river.

The orchard is a young one and the trees from which the fruit was gathered are not higher than 2½ feet. Farmers report that it is surprising how fast the June peaches are ripening, and by next week it is believed the peaches will be on the market in abundance. The June peach crop does not usually come in until the middle of the month. Instead of strawberries being king on market, blackberries have moved up. Today the benches are well filled with blackberries, which came from Mississippi and Tennessee. They sold for 10 cents a box, while strawberries that were home grown sold for 15 cents a box. By next week this season's strawberry crop will be past.

Death Was on His Heels.

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends doctored me for weeks. I was in a bad way, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at all druggists, 50c and \$1.00. Trial bottle free.

Two White Steamers.

Two fine White Steamer automobiles arrived and are the first ever sold in Paducah. One is for Mr. George Langstaff and one for Mr. Harris Rankin.

MORE TROUBLE FOR MAE.

J. Martin Miller to Prosecute Senator Platt's "Friend" for Forgery.

Paris, June 1.—J. Martin Miller, the former American consul at Rheims, who was mentioned in connection with the suit for divorce recently brought in New York by Mae C. Wood against Senator Thomas C. Platt, is at present in this city. When the latest American newspapers arrived here Mr. Miller saw for the first time the statement alleged to have been signed by him and which was produced by Miss Wood at the trial. Miller was extremely indignant.

"The document is an absolute forgery," he said. "It is fabricated and false from beginning to end."

Mr. Miller is consulting attorneys with the view of having Miss Wood prosecuted for forgery.

UNITED STATES OF AMERICA.

Western District of Kentucky, at Paducah.

Whereas, an information has been filed in the District Court of the United States for the Western District of Kentucky, at Paducah, on the 22nd day of May, 1906, by George DuBelle, Esq., attorney for the United States, against ten barrels, and five half barrels and fifty kegs of coal alleged in substance that said articles were forfeited to the United States, as being misbranded within the meaning of the Food and Drugs act of congress of the United States approved June 30th, 1906, and praying process against the same, and that same may be condemned as forfeited as aforesaid, since having been seized by the Marshal under due process of law.

Now, therefore, in pursuance to the motion under seal of said court in and directed and delivered I do hereby give public notice to all persons claiming said articles or in any manner interested therein, that they may be heard in opposition to the said court, to be held in the city of Paducah, on and for said District, on the 12th day of November, 1906, then and there to interpose their claims, and to make their allegations in that behalf.
